<p>R "Drive in all weather conditions for less"</p> <ul style="list-style-type: none"> • Excellent uniform wear • Standard size to meet your needs in terms of productivity • Versatile use on all types of road (highways, regional roads and limited on/off road) • Versatile for all positions, front axle, lifting axle and trailer axle <ul style="list-style-type: none"> • 10-tonne load capacity for axles • InfiniCoil technology 	<p>10 "Drive with confidence right up to the last kilometre"</p> <ul style="list-style-type: none"> • High level of grip • Improved resistance to damage • Reduced stone retention <ul style="list-style-type: none"> • InfiniCoil technology • Rubber compound highly resistant to tread damage • New 4-groove tread pattern 	<p>CO₂ "A greener way to transport!"</p> <ul style="list-style-type: none"> • Regroove the tyre and extend its lifespan when it consumes the least fuel • With MICHELIN RECAMIC, performance up to 80% of new tyres, while saving 55 kg of material <ul style="list-style-type: none"> • All MICHELIN X® MULTIWAY™ HD XZE tyres are manufactured in Europe-based ISO 14001-certified factories

InfiniCoil: for improved load carrying capacity and longevity

InfiniCoil provides an improved wear pattern and greater casing endurance, thanks to the introduction of a continuous steel cable around the entire crown block.

Introduction of an internal spiral-wound elastic cord stiffener in the low zone on MICHELIN X® MULTIWAY™ HD XZE tyres. InfiniCoil is a MICHELIN Durable Technologies type of architecture **MICHELIN**  Durable Technologies
